Keyword index

acaricides
Apis mellifera / varroa disease / resistance / lethal time, 105
acoustic communication
worker bee / foraging / piping, 13
acute paralysis virus
Apis mellifera / Kashmir bee virus / American strain, 55
Africanized honey bee
esterase / development / *Apis mellifera*, 47
Varroa jacobsoni / susceptibility to *Varroa* / *Apis mellifera*, 93
Albania
honeybee / *Apis mellifera carnica* / *Apis mellifera macedonica* / *Apis mellifera ligustica* / honeybee population / morphometric characterization / alloenzymatic characterization, 121
alloenzymatic characterization
honeybee / *Apis mellifera carnica* / *Apis mellifera macedonica* / *Apis mellifera ligustica* / Albania / honeybee population / morphometric characterization, 121
allozyme
Apis mellifera / population genetics / mitochondrial DNA, 77
American foulbrood control
Bacillus larvae / antimicrobial action / essential oil, 111
American strain
Apis mellifera / acute paralysis virus / Kashmir bee virus, 55
amino acid
Apis cerana / feeding / pollen / *Brassica campestris* / lipid, 21
antenna
Bombus / chemoreception / electron microscopy / mechanoreception, 433
antimicrobial action
Bacillus larvae / essential oil / American foulbrood control, 111
Apicystis
Apis / *Bombus* / new genus / protozoan / parasite, 29
Apidae
Meliponinae / stingless bee / flight distance / body size, 219
Apimyasis
parasitism / *Senotainia* sp / *Apis mellifera* L / Spain, 467
Apis
Apicystis / *Bombus* / new genus / protozoan / parasite, 29
Trigona / interspecific competition / resource partitioning, 423
Apis cerana
Apis koschevnikovi / queen / interspecific relation / reproduction, 371
Apis mellifera / grooming behavior / *Varroa jacobsoni* / tolerance, 3
Apis mellifera / *Varroa jacobsoni* / reproduction, 461
Apis nigrocincta / drone flight / reproductive isolation / taxonomic status / Sulawesi / Indonesia, 361
feeding / pollen / *Brassica campestris* / amino acid / lipid, 21
mtDNA / RFLP / variability, 407
Apis dorsata
massed flight activity / orientation flight / image analysis / India, 381
Apis koschevnikovi
Apis cerana / queen / interspecific relation / reproduction, 371
Apis laboriosa
communication / sound / Asian honeybee, 331
geographical distribution / Vietnam, 487
Apis mellifera
acute paralysis virus / Kashmir bee virus / American strain, 55
allozyme / population genetics / mitochondrial DNA, 77
Apis cerana / grooming behavior / *Varroa jacobsoni* / tolerance, 3
Apis cerana / *Varroa jacobsoni* / reproduction, 461
beeswax exports / rainfall / savanna woodland, 473
Bombus / *Vicia faba* / nectar secretion / attractivity, 65
chalkbrood / *Ascosphaera apis* / brood chilling / humidity, 185
drone / sexual organ / endophallus / cornual gland, 145
esterase / development / Africanized honey bee, 47
mitochondrial DNA / phylogenetic analysis / Kangaroo Island / Australia, 165
natural radionuclide / soil-plant-honey transfer / bioindicator, 211
varroa disease / acaricides / resistance / lethal time, 105
Varroa jacobsoni / hygienic behavior / grooming / mite resistance / breeding, 245
Varroa jacobsoni / lectin / spermatozoa, 87
Varroa jacobsoni / susceptibility to Varroa / Africanized bee, 93
Varroa jacobsoni / tolerance / tolerance index / resistance, 193

Apimyasis / parasitism / *Senotainia* sp / Spain, 467

Apis mellifera carnica
Apis mellifera macedonica / *Apis mellifera ligustica* / Albania / honeybee population / morphometric characterization / alloenzymatic characterization, 121

Apis mellifera ligustica
Apis mellifera carnica / *Apis mellifera macedonica* / Albania / honeybee population / morphometric characterization / alloenzymatic characterization, 121

Apis mellifera macedonica
Apis mellifera carnica / *Apis mellifera ligustica* / Albania / honeybee population / morphometric characterization / alloenzymatic characterization, 121

Apis nigrocincta
Apis cerana / drone flight / reproductive isolation / taxonomic status / Sulawesi / Indonesia, 361

Apis nuluensis
drone / weight / number of spermatozoa, 427
morphometry, 397
phylogeny / molecular systematics / DNA / nucleotide sequence, 415
reproductive isolation / drone flight / Borneo, 353
Vespa / behavior / defense / predation, 341

Ascosphaera apis
Apis mellifera / chalkbrood / brood chilling / humidity, 185

Asian honeybee
communication / sound / *Apis laboriosa,* 331

attractivity
Apis mellifera / *Bombus* / *Vicia faba* / nectar secretion, 65

Australia
Apis mellifera / mitochondrial DNA / phylogenetic analysis / Kangaroo Island, 165

Bacillus larvae
antimicrobial action / essential oil / American foulbrood control, 111

beeswax exports
Apis mellifera / rainfall / savanna woodland, 473

behavior
Apis nuluensis / *Vespa* / defense / predation, 341

bioindicator
Apis mellifera / natural radionuclide / soil-plant-honey transfer, 211

body size
Apidae / Meliponinae / stingless bee / flight distance, 219

Bombus
antenna / chemoreception / electron microscopy / mechanoreception, 433
Apicystis / *Apis* / new genus / protozoan / parasite, 29
Apis mellifera / *Vicia faba* / nectar secretion / attractivity, 65

Bombus terrestris
bumble bee / pollen / nutritive value / queen production, 133

Borneo
Apis nuluensis / reproductive isolation / drone flight, 353

Brassica campestris
Apis cerana / feeding / pollen / amino acid / lipid, 21

breeding
Apis mellifera / *Varroa jacobsoni* / hygienic behavior / grooming / mite resistance, 245

brood chilling
Apis mellifera / chalkbrood / *Ascosphaera apis* / humidity, 185

bumble bee
Bombus terrestris / pollen / nutritive value / queen production, 133

Central America
Melissopalynology / Cuba-Form, 157

chalkbrood
Apis mellifera / *Ascosphaera apis* / brood chilling / humidity, 185

chemoreception
Bombus / antenna / electron microscopy / mechanoreception, 433

communication
sound / Asian honeybee / *Apis laboriosa,* 331

composition
unifloral honey / crystallisation / storage / taste, 451

conductivity
honey / sugar / HPLC / Meliponinae / Venezuela, 445

cornual gland
Apis mellifera / drone / sexual organ / endophallus, 145

coumaphos
Varroa jacobsoni / toxicity / resistance / organophosphorus acaricide, 175

crystallisation
unifloral honey / composition / storage / taste, 451

Cuba-Form
Melissopalynology / Central America, 157

day and night
social behaviour / division of labour / trophallaxis, 235

defense
Apis nuluensis / *Vespa* / behavior / predation, 341

development
esterase / *Apis mellifera* / Africanized honey bee, 47

division of labour
social behaviour / day and night / trophallaxis, 235
DNA
Apis nuluensis / phylogeny / molecular systematics / nucleotide sequence, 415
drone
Apis mellifera / sexual organ / endophallus / cornual gland, 145
Apis nuluensis / weight / number of spermatozoa, 427
drone flight
Apis nigrocincta / *Apis cerana* / reproductive isolation / taxonomic status / Sulawesi / Indonesia, 361
Apis nuluensis / reproductive isolation / Borneo, 353
electron microscopy
Bombus / antenna / chemoreception / mechanoreception, 433
endophallus
Apis mellifera / drone / sexual organ / cornual gland, 145
essential oil
Bacillus larvae / antimicrobial action / American foulbrood control, 111
esterase
development / *Apis mellifera* / Africanized honey bee, 47
feeding
Apis cerana / pollen / *Brassica campestris* / amino acid / lipid, 21
flight distance
Apidae / Meliponinae / stingless bee / body size, 219
foraging
worker bee / acoustic communication / piping, 13
geographical distribution
Apis laboriosa / Vietnam, 487
grooming behavior
Apis mellifera / *Apis cerana* / *Varroa jacobsoni* / tolerance, 3
Apis mellifera / *Varroa jacobsoni* / hygienic behavior / mite resistance / breeding, 245
honey
residue / oxytetracycline / immunoenzymatic assay, 229
sugar / conductivity / HPLC / Meliponinae / Venezuela, 445
honey bee
Nosema disease / inbred colonies / longevity / seasonal effect, 479
Apis mellifera carnica / *Apis mellifera macedonica* / *Apis mellifera ligustica* / Albania / honeybee population / morphometric characterization / alloenzymatic characterization, 121
population genetics / morphometrics / pheromone / N Africa / Spain, 35
honeybee population
Apis mellifera carnica / *Apis mellifera macedonica* / *Apis mellifera ligustica* / Albania / morphometric characterization / alloenzymatic characterization, 121
HPLC
honey / sugar / conductivity / Meliponinae / Venezuela, 445
humidity
Apis mellifera / chalkbrood / *Ascosphaera apis* / brood chilling, 185
hygienic behavior
Apis mellifera / *Varroa jacobsoni* / grooming / mite resistance / breeding, 245
image analysis
Apis dorsata / massed flight activity / orientation flight / India, 381
immunoenzymatic assay
honey / residue / oxytetracycline, 229
inbred colonies
honey bee / Nosema disease / longevity / seasonal effect, 479
India
Apis dorsata / massed flight activity / orientation flight / image analysis, 381
Indonesia
Apis nigrocincta / *Apis cerana* / drone flight / reproductive isolation / taxonomic status / Sulawesi, 361
interspecific competition
Apis / *Trigona* / resource partitioning, 423
interspecific relation
Apis cerana / *Apis koschevnikovi* / queen / reproduction, 371
Kangaroo Island
Apis mellifera / mitochondrial DNA / phylogenetic analysis / Australia, 165
Kashmir bee virus
Apis mellifera / acute paralysis virus / American strain, 55
lectin
Varroa jacobsoni / *Apis mellifera* / spermatozoa, 87
lethal time
Apis mellifera / varroa disease / acaricides / resistance, 105
lipid
Apis cerana / feeding / pollen / *Brassica campestris* / amino acid, 21
longevity
honey bee / Nosema disease / inbred colonies / seasonal effect, 479
massed flight activity
Apis dorsata / orientation flight / image analysis / India, 381

mechanoreception
Bombus / antenna / chemoreception / electron microscopy, 433
Meliponinae
Apidae / stingless bee / flight distance / body size, 219
honey / sugar / conductivity / HPLC / Venezuela, 445
Melissopalynology
Central America / Cuba-Form, 157
mite resistance
Apis mellifera / *Varroa jacobsoni* / hygienic behavior / grooming / breeding, 245
mitochondrial DNA
Apis mellifera / allozyme / population genetics, 77
Apis mellifera / phylogenetic analysis / Kangaroo Island / Australia, 165
Apis cerana / RFLP / variability, 407
molecular systematics
Apis nuluensis / phylogeny / DNA / nucleotide sequence, 415
morphometric characterization
Apis mellifera carnica / *Apis mellifera macedonica* / *Apis mellifera ligustica* / Albania / honeybee population / alloenzymatic characterization, 121
morphometry
honeybee / population genetics / pheromone / N Africa / Spain, 35
Apis nuluensis, 397
N Africa
honeybee / population genetics / morphometrics / pheromone / Spain, 35
natural radionuclide
Apis mellifera / soil-plant-honey transfer / bioindicator, 211
nectar secretion
Apis mellifera / *Bombus* / *Vicia faba* / attractivity, 65
new genus
Apicystis / *Apis* / *Bombus* / protozoan / parasite, 29
Nosema disease
honey bee / inbred colonies / longevity / seasonal effect, 479
nucleotide sequence
Apis nuluensis / phylogeny / molecular systematics / DNA, 415
number of spermatozoa
Apis nuluensis / drone / weight, 427
nutritive value
Bombus terrestris / bumble bee / pollen / queen production, 133
organophosphorus acaricide
Varroa jacobsoni / toxicity / resistance / coumaphos, 175
orientation flight
Apis dorsata / massed flight activity / image analysis / India, 381
oxytetracycline
honey / residue / immunoenzymatic assay, 229
parasite
Apicystis / *Apis* / *Bombus* / new genus / protozoan, 29
parasitism
Apimyasis / *Senotainia* sp / *Apis mellifera* L / Spain, 467
pheromone
honeybee / population genetics / morphometrics / N Africa / Spain, 35
phylogenetic analysis
Apis mellifera / mitochondrial DNA / Kangaroo Island / Australia, 165
phylogeny
Apis nuluensis / molecular systematics / DNA / nucleotide sequence, 415
piping
worker bee / acoustic communication / foraging, 13
pollen
Apis cerana / feeding / *Brassica campestris* / amino acid / lipid, 21
Bombus terrestris / bumble bee / nutritive value / queen production, 133
population genetics
Apis mellifera / allozyme / mitochondrial DNA, 77
honeybee / morphometrics / pheromone / N Africa / Spain, 35
predation
Apis nuluensis / *Vespa* / behavior / defense, 341
protozoan
Apicystis / *Apis* / *Bombus* / new genus / parasite, 29
queen
Apis cerana / *Apis koschevnikovi* / interspecific relation / reproduction, 371
queen production
Bombus terrestris / bumble bee / pollen / nutritive value, 133
rainfall
Apis mellifera / beeswax exports / savanna woodland, 473
reproduction
Apis cerana / *Apis koschevnikovi* / queen / interspecific relation, 371
Apis cerana / *Apis mellifera* / *Varroa jacobsoni*, 461
reproductive isolation
Apis nigrocincta / *Apis cerana* / drone flight / taxonomic status / Sulawesi / Indonesia, 361
Apis nuluensis / drone flight / Borneo, 353

residue
honey / oxytetracycline / immunoenzymatic assay, 229
resistance
Apis mellifera / varroa disease / acaricides / lethal time, 105
Varroa jacobsoni / *Apis mellifera* / tolerance / tolerance index, 193
Varroa jacobsoni / toxicity / coumaphos / organophosphorus acaricide, 175
resource partitioning
Apis / Trigona / interspecific competition, 423
RFLP
Apis cerana / mtDNA / variability, 407
savanna woodland
Apis mellifera / beeswax exports / rainfall, 473
seasonal effect
honey bee / Nosema disease / inbred colonies / longevity, 479
